

Crafty Gift Box

This is how you make it:

- Print the pattern, if possible, on heavy paper or card. (You can also print it on normal paper and glue this to coloured card.)
- Colour the box pattern with colouring pencils.
- Cut the box pattern out.
- Fold the corners inwards and glue them to the inside.
- Cut the lid on both sides along the dotted line and then close it along the cut.

That is your Gift Box finished!

What will you put in it to surprise someone?

A special promise?

A voucher?

Or maybe just something sweet?
